PROTEC

NCC Technical Solutions

The National Conference Centre is the idyllic location for your conference venue hire. Located in Solihull and within close proximity to Birmingham Airport and Birmingham International train station, as well as a vast choice of hotels, The National Conference Centre makes travelling for your guests a breeze, whether they're coming from the UK or overseas. Our range of conference rooms provides a plethora of useful facilities to make your conference experience stand apart from the others.

Our spaces and rooms are designed to make your production needs easy. Our highly experienced in-house AV management team are here to deliver any level of AV needed, from a simple projector and screen – all the way through to a full conference production.

PROTEC

Slick and reliable AV & staging solutions

We have always believed that every member of an audience deserves the best seat in the house and as such, have nurtured and developed a method that has had our guests experience some of the most extraordinary and memorable events.

Engage and inspire your audience with your event content in slick event environments where our team of technical, creative and virtual/hybrid/live event production specialists will help deliver your event with impact.

PROTEC

About Protec: AV & staging partner

Protec is the AV partner and exclusive rigging contractor at the National Conference Centre.

Trusted for our consistency and reliability, we provide comprehensive solutions for all events, **from budget-friendly technical & staging solutions to the most engaging high profile event productions.**

Protec's highly skilled team of event professionals will be on hand to provide you with as little or as much support you need, every step of the way, to ensure the experience for you and your guests is seamless, secure, stress-free and memorable.

In-house Production Services

We provide a host of inhouse services to streamline your event planning process and eliminate the communication risks that can arise with having multiple suppliers.

- Audio
- Video
- Lighting
- Rigging
- Scenic
- Staging
- Conference technologies
- Creative & technical design
- Visual content
- Venue services
- Live streaming
- Filming

Exclusive Rigging Services

As the venue's in-house rigging contractor, you benefit from an enhanced and seamless working relationship with us.

You will have a dedicated project manager who will be your main point of contact to look after all your needs.

We know the venue better than anyone, and can easily identify the possibilities in the event spaces.

We'll take care of all the rigging aspects of your production, from technical drawings through to specifying & providing equipment and the installation of all your rigging requirements.

Access Equipment

MEWP Lift	£350.00
Zarges 12 Rung Ladder	£35.00

Soft Goods POA

LED Starcloth	
Colour Changing DMX Controlled Cloth White Gauze	
White Trevira	

Riggers

Rigger calls are based on an 8-hour call and are charged at £425.00 per rigger, per call.
Ground Crew are based on a minimum 4-hour call and are charged at £195.00 per crew, per call.
All events will be two calls - one for the rig and one for the de-rig.
All calls will require two people onsite to ensure the safety of the crew and others

Depending on the working at height equipment / rigging kit used and the complexity of the rig will denote if that is an additional Rigger or Ground Crew. This will be quoted upon receipt of a detailed plan

Point Calculation Pack

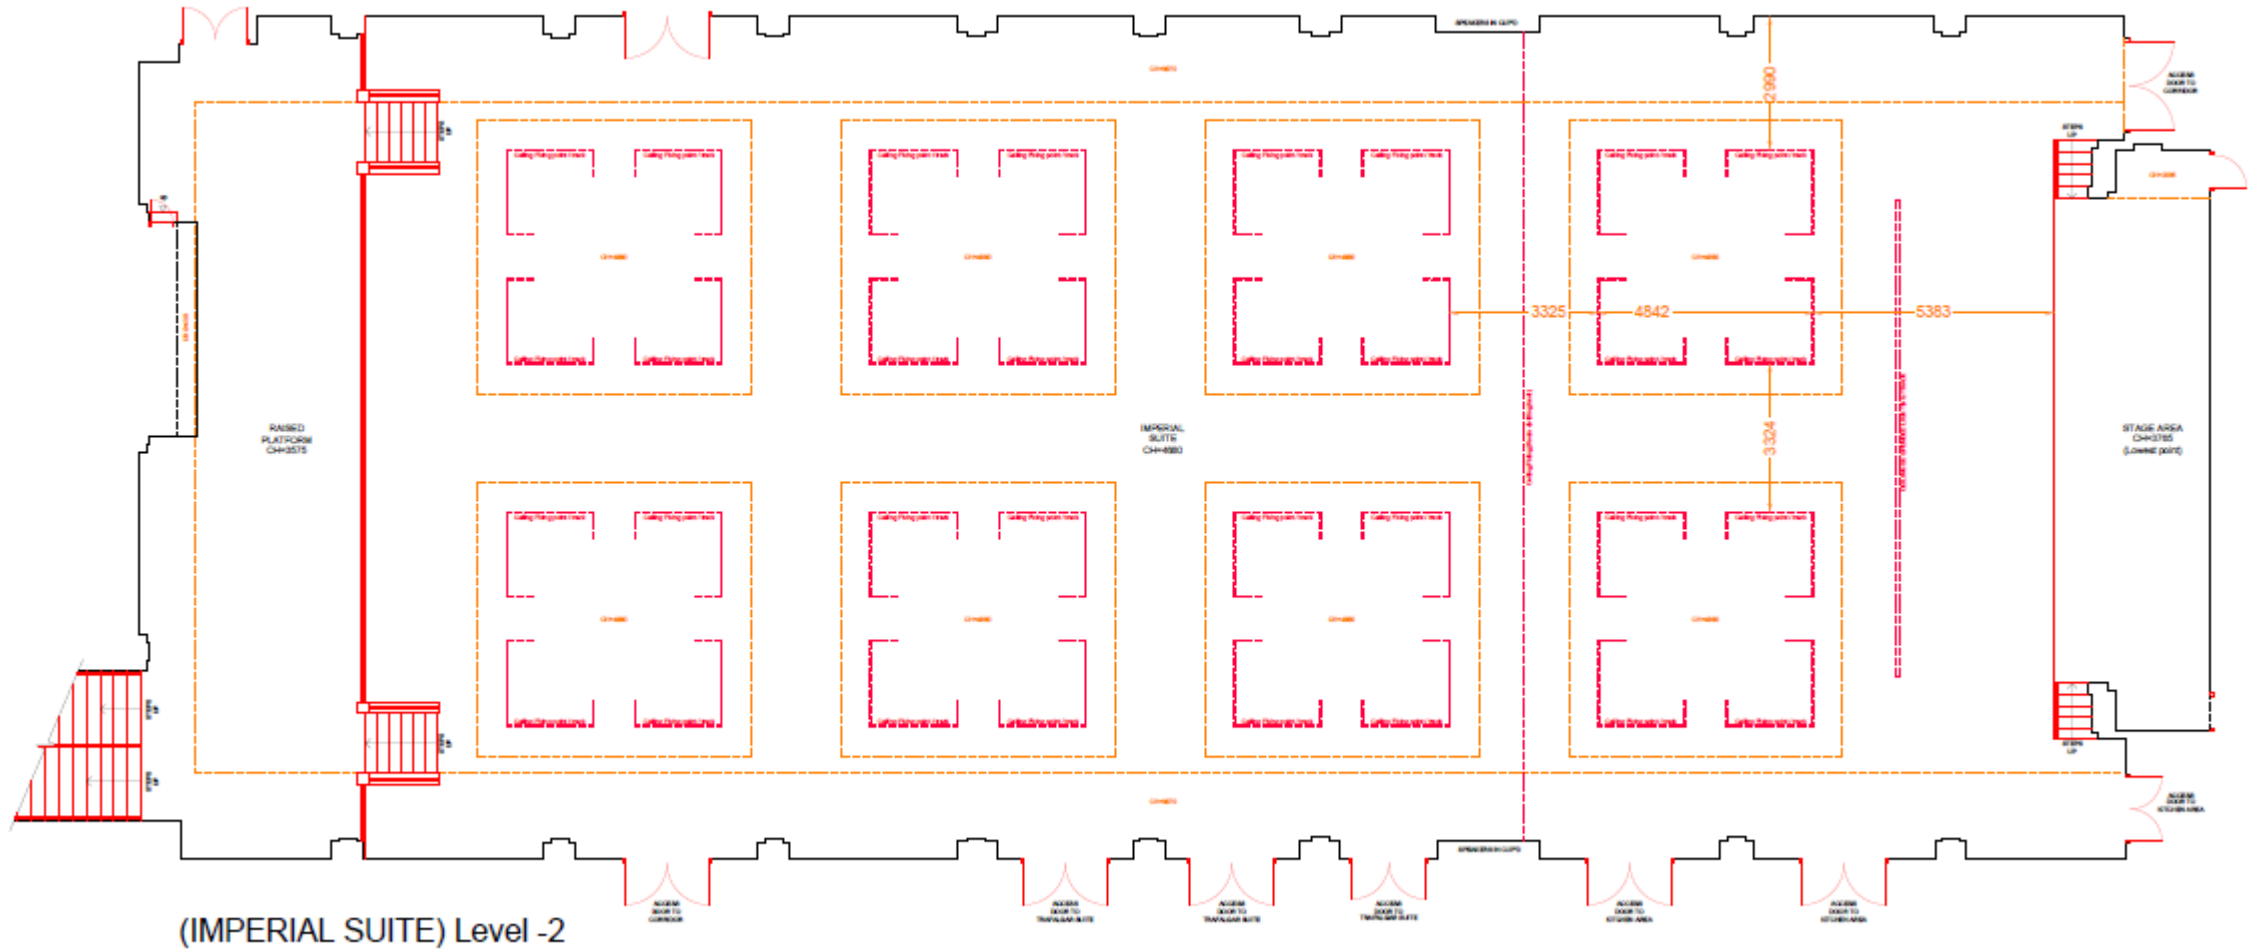

If an accurate point loading cannot be supplied, with your rigging plan, we can provide a calculation pack for you, using the fixture weights you supply and Protec rigging weights.
The cost for this calculation pack is £500.00.

CAD Drawings

We can accept most formats of drawings and use AutoCAD in house. A charge will be made for studio time if a client needs alterations or complete drawings. A basic plan is supplied on first contact in either DWG or PDF format.

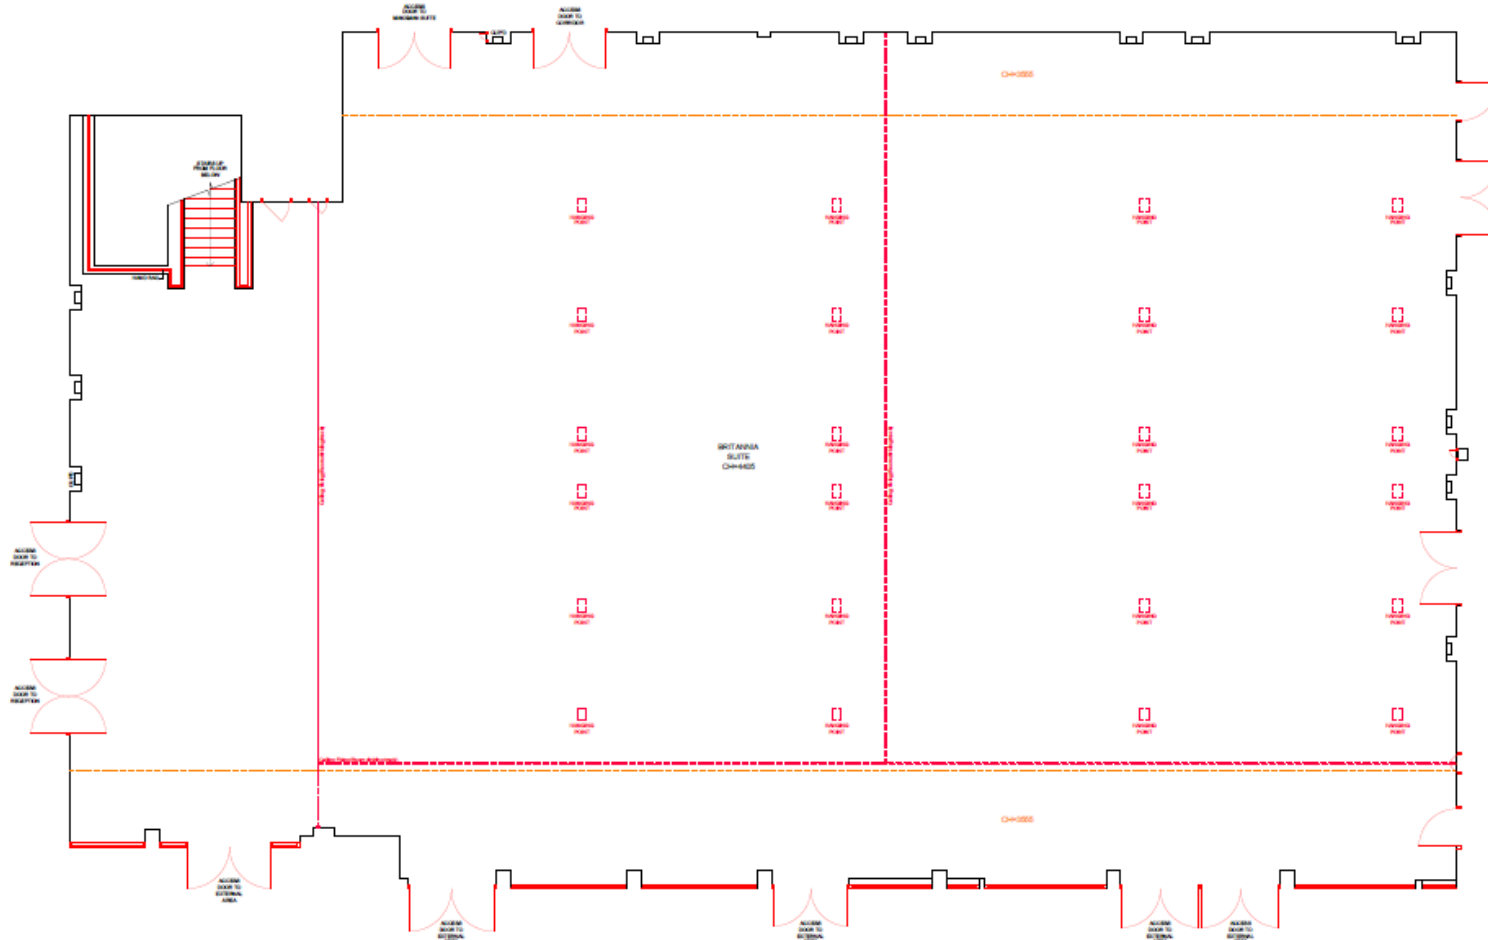

For Rigging enquiries please email Graham: gthomas@protecevents.co.uk
